ArborMetrix Update

We have lift off!!!

# ArborMetrix Update

What is ArborMetrix?

- **Align data strategy with GQIP goals**

- **Make measures and reports clinically meaningful**

- **Leverage insights to make informed decisions**

ArborMetrix Update

High-Level Timeline

Kickoff		Build 12-14 weeks		Launch
Q3 '22	Q3/Q4 '22	Q4 '22/Q1 '23	Q1 '23	Q1/Q2 '23
	Planning & Requirements Gathering 8-12 weeks		UAT 4 weeks	

Launch time may take longer/shorter depending on client requirements and what can be leveraged by MTQIP

ArborMetrix Update

Next Steps:

- Schedule weekly core team project meetings
- Conduct high-level discovery sessions
- Confirm what can be leveraged by MTQIP
- Schedule data strategy/dictionary sessions
- Confirm participants for engagement sessions

ESO Central Site Project

Gen 6 Implementation – Georgia Trauma Commission Project Timeline

Date	Milestones	Duration	Personnel
7/22 - 7/29	• Finalize Dataset and Validation criteria to be used • Discuss Timeline • Discuss Admin/User training	1 week	ESO and GTC
7/29 - 8/29	Analysis and Development • ESO to set up Staging and Production Environment • Deliverables: ○ Gen6 Portal/Central Site Registry ○ Gen6 Driller ○ Gen6 Report Writer thru Registry Anywhere ○ Relational Populator ○ Submission update for Georgia facilities	4 weeks	ESO
8/29 - 9/29	Gen6 Configuration: • Facilities • Users and Accounts (Submission Only) • Configure Roles/Permissions	4week	GTC and ESO
Week of 9/19	GTC Admin Training Review with Admin Team • Gen6 Web Portal • Users/Roles/Permissions • Facilities • Password Restrictions • Welcome Page	1 day	ESO and GTC
Week of 9/19	GTC Report Writer Training		ESO and GTC
Week of 9/19 or 9/26	Submission Training		ESO and GTC
9/28	**Go Live**	1 day	ESO and GTC
Week of 10/10	Relational Populator Training (post-live to capture data)	1 day	ESO and GTC
Week of 10/10	Report Writer Training (post-live to capture data)	1 day	ESO and GTC

ESO Central Site Project

Next Steps:

- 90 days from July 1 Kick Off
- Ready to accept data around September 28th
- Plan to accept CY 2021 data set to use for acclamation and baseline data validity

ArborMetrix Metrics

What do we want to measure on our ArborMetrix dashboard?
