Please select your preferred date for the August Trauma Administrators Committee Meeting

Of the topics covered in the last session, do you need a refresher on any of the following items:

What topics would you like covered in the May 20 Trauma Finance Workshop?

I LOVE the idea of finance metrics!!

Trauma Finance Team development

Activation charges

Reimbursement optimization

Finance team development

Critical care fees

Trauma finance development

Trauma Finance Dashboard

What topics would you like covered in the May 20 Trauma Finance Workshop?

Is there anything applicable to level IV facilities- IV do not bill for trauma activation

Nothing else to suggest

Activation charges And recorded session for our finance teams to review!

Critical care fees, finance team development

The impact of trauma diversion and closure and the burdens for the facilities that didn't receive additional funding

State of Ga plan to drive attracting physicians for trauma programs

All of the financial metrics. We are a new level 3 and this info is helpful

Activation charges. Finance team development workshop.

What topics would you like covered in the May 20 Trauma Finance Workshop?

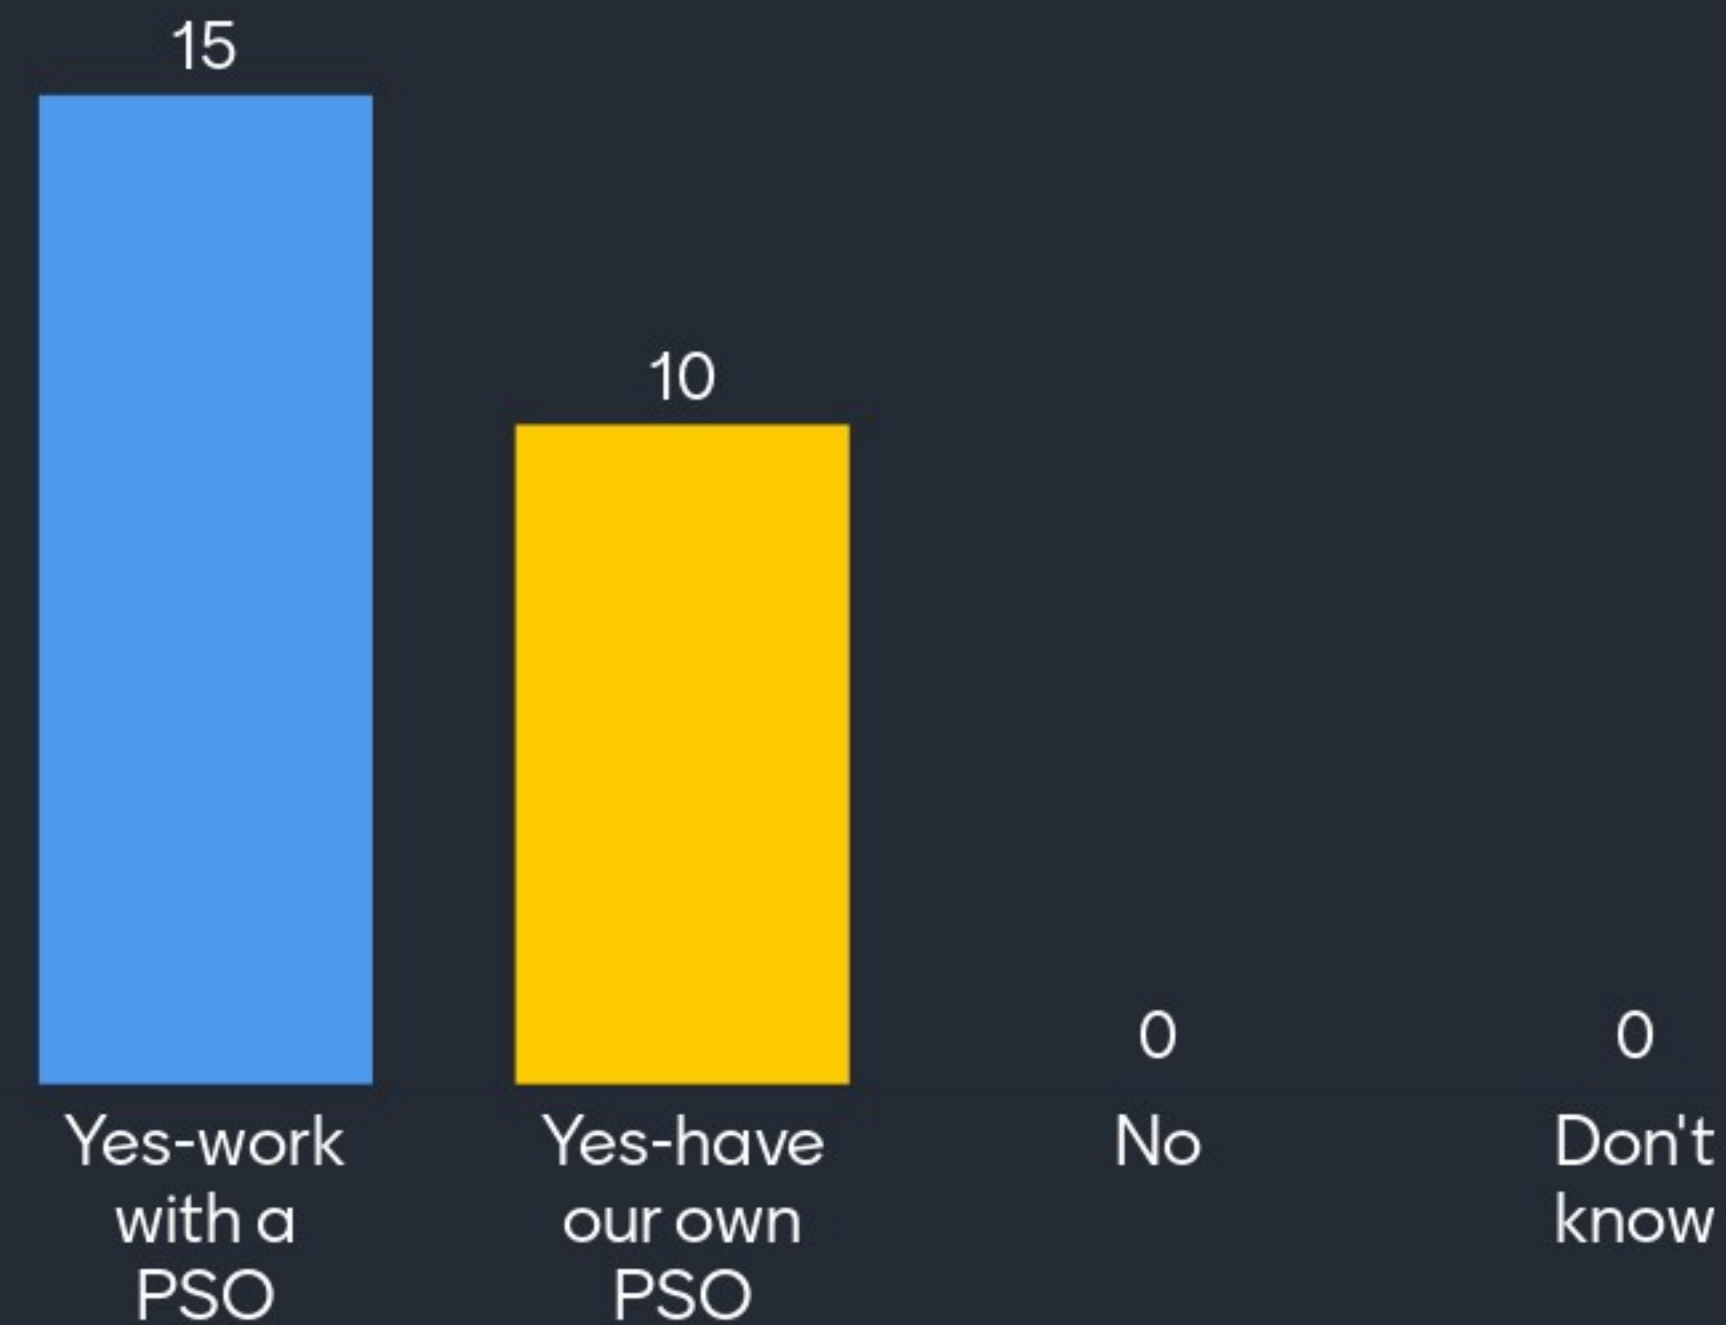

Trauma finance team, peer
review

Finance team
development Activation
charges recorded case

What is a Patient Safety Organization (PSO)?

A PSO works with healthcare providers to help them improve patient safety and healthcare quality and to encourage a culture of safety. PSOs analyze data voluntarily reported by providers and provide feedback aimed at promoting learning and minimizing patient risk. PSOs are registered and certified by the Agency for Healthcare Research and Quality (AHRQ) on behalf of the Department of Health and Human Services.

Does your organization work with a PSO to report patient safety data or does your organization have its own PSO?

If you answered yes, please enter your organization's name
