WHEREAS, the Commission was created pursuant to O.C.G.A. Section 31-11-101;

WHEREAS, pursuant to O.C.G.A. Section 31-11-100 *et seq.*, as amended (the “Georgia Trauma System Act” or “Act”), the Commission has been granted the power, duty, and responsibility to develop, implement, administer, and maintain certain systems, as described in the Act, to address the trauma care needs in the state of Georgia (the “State”);

WHEREAS, the Act provides that the Commission shall act as the accountability mechanism for the entire Georgia Trauma System Network, overseeing the flow of funds from the Georgia Trauma Trust Fund and funds appropriated to the Commission by the State through the Commission into the Network and to determine best practices to implement for improving trauma care and patient safety in Georgia;

WHEREAS, pursuant to the Act, the Commission has been granted the power, duty, and responsibility to establish, maintain, and administer the Network to coordinate the best use of existing trauma facilities in the State and to direct patients to the best available facility for treatment of traumatic injury; to coordinate, assist, establish, maintain, and administer programs designed to educate Georgia residents on trauma prevention; to coordinate and assist in the collection of data to evaluate and improve patient safety and the provision of trauma care services in this State;

WHEREAS, pursuant to the Act, the Commission is to collect data to evaluate the provision of trauma care services and to study the provision of trauma care services in the State to determine the best practices and methods of providing such services, to determine what changes are needed to improve the provision of trauma care services, and to report any proposed legislative changes to the General Assembly each year;

WHEREAS, the Commission has been granted the power, duty, and responsibility to allocate State funds appropriated to the Commission and to the Georgia Trauma Trust Fund in order to carry out its purposes pursuant to O.C.G.A. Section 31-11-102 and this Agreement;

WHEREAS, Trauma Center wishes to participate in the Network and believes it can meet and complete the eligibility Criteria requirements for State funding;

WHEREAS, Trauma Center wishes to participate in the Commission's Programs which have been created and will be funded for the smooth operation of the Network. These Programs consist of the following: uncompensated trauma health care services, readiness services, trauma registry support, data reporting, performance improvement, peer review and patient safety, and quality improvement and development; and

WHEREAS, Trauma Center believes it has the skills, qualifications, expertise, financial resources, and experience necessary to participate in the Network through the Commission's Programs and become eligible for funding as described in this Agreement.

ACCORDINGLY, this Agreement describes the Program participation Criteria which Trauma Center must meet to qualify to be eligible for funding which Trauma Center can use to support its Trauma Program activities and its trauma health care services, and the formulae pursuant to which such support funding will be reimbursed or paid to Trauma Center.

NOW, THEREFORE, in consideration of the mutual covenants and warranties contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree and covenant as follows:

I. BACKGROUND

A. The State of Georgia

The State has an interest in preserving and improving the health of its residents and visitors who experience trauma, and who obtain trauma care services from a trauma center located in the State. The State supports this interest by funding some activities of those trauma centers who agree to participate in the Network by executing and complying with this Participation Agreement. This State funding is directed to Network participating trauma centers through the Commission.

B. Commission Programs

The Commission has developed and maintains programs to enhance, improve and fund trauma health services and Trauma Programs in the State in conformance with the Act's requirements ("Program(s)"). The Commission's funding Programs are its:

- (i) Readiness Support Program,
- (ii) Registry Support Program and
- (iii) Uncompensated Health Care Services Reimbursement Program.

The Commission also has developed and maintains the Georgia Quality Improvement Program (“GQIP”) which serves as the Georgia trauma and surgery patient safety and trauma care collaborative. GQIP utilizes standardized quality and patient safety reporting systems to identify best practices for the provision of trauma care services throughout the Network.

GQIP and the Network’s trauma centers participate in the ACS Trauma Quality Improvement Program benchmarking. GQIP also serves as the Commission’s Component Patient Safety Organization.

Lastly, the Commission maintains a consulting program which can support the Trauma Center’s programs through consultations on patient safety and quality with the Commission’s GQIP Director and GQIP Medical Director at no charge to the Trauma Center.

C. Funding to Trauma Center

Each of the Commission’s Programs for funding has its own Program Criteria deliverable and funding calculation. For ease of review:

Program	Funding Based On
Readiness Support	Percent of Average Trauma Center Readiness Cost By Level
<ul style="list-style-type: none"> • Performance-Based Readiness 	Trauma Center’s Historical Scorecard Performance
<ul style="list-style-type: none"> • Non-Performance-Based Readiness 	Total Readiness Support Less PBP
Registry Support	Percentage of Allocation for all Network Trauma Centers
Uncompensated Care	Trauma Center’s Historical Uncompensated Health Care Data

If Trauma Center achieves compliance with the participation Criteria of the Commission Programs, it may receive funding from the Commission to support some of its costs in achieving such compliance and meeting the Program Criteria; provided, however, any and all funding depends on the amount of funding appropriated to the Commission and the Georgia Trauma Fund by the State.

Trauma Center’s maximum budgeted funding to be received in FY 2026 is listed on the Participation Agreement Form.

IV. THE READINESS SUPPORT PROGRAM

A. Generally

The Readiness Support Program (“RSP”) is a Commission Program which funds some of Trauma Center’s expenses incurred in operationalizing its Trauma Program, so it is ready and able to receive trauma patients.

In addition to making funding available to Trauma Center for operations, RSP funding can be used to support patient safety improvement and peer review programs in which Trauma Center participates.

B. Components

The Readiness Support Program has two funding components:

1. Performance-Based Payment Program Readiness (“PBP”) Criteria:

- (a) Meeting attendance;
- (b) Education and training requirements;
- (c) GQIP participation; and
- (d) Meeting certain clinical performance benchmarks.

The Performance-Based Payment Program readiness funding component of the Readiness Support Program Funding equals eighty percent (80%) of the total RSP funding. See also Attachment 8, “Performance-Based Allocation Payment” per fiscal year.

2. PBP funding is subject to:

- (a) The Commission calculation of funding listed on the Agreement Form which represents Trauma Center’s historical readiness performance in completing or meeting each PBP Criterion.
- (b) If the Trauma Center achieved full compliance with all PBP Criteria, it will be eligible to receive the full 80% of total RSP funding.
- (c) As shown in each Scorecard, Criteria not achieved fully may be scaled and funded accordingly.

3. Non-Performance-Based Payment Program Readiness (“NPBP”)

The Non-Performance-Based Program readiness funding component of the Readiness Support Program Funding equals twenty percent (20%) of the total RSP funding. NPBP funding is not Criteria based. NPBP funding is calculated by the Commission each year based on available funds.

C. Budget

Upon execution of this Agreement, the Commission will provide Trauma Center with the total amount of RSP funding it has calculated Trauma Center is eligible to receive in FY 2026 from the Commission and listed on the “FY 2026 Approved Budget” attached and incorporated herein as Exhibit 7. This calculation uses Trauma Center’s historical Trauma Program readiness performance from FY 2025 memorialized on the FY 2025 Scorecard submitted to the Commission on April 15, 2025.

If the Agreement is renewed, the total amount of RSP funding by the Trauma Center is eligible to receive in FY 2027 will be calculated by the Commission based on Trauma Center’s historical Trauma Program readiness performance in FY 2025.

D. FY 2026 Scorecard

Trauma Center shall record and file its compliance with the Performance-Based Payment Program Criteria on the “FY 2026 Level I and II PBP Scorecard” attached and incorporated herein to this Agreement as Exhibit 3, according to the schedule of Exhibit 4 “Submission Timeline for Required Documentation Schedule,” in order for the Commission to determine the amount of PBP funding Trauma Center is eligible for in FY 2028.

V. REGISTRY SUPPORT PROGRAM

In support of data collection efforts that drive key performance improvement initiatives for the Network, the Commission will provide funding support to Trauma Center to assist it in maintaining and operationalizing its Trauma Center Registry and data submission to the TQIP Registry and GQIP Registry. These Registries serve as critical tools for improving trauma care, conducting research, and supporting performance improvement peer review, and patient safety initiatives within the Network and external to the Network.

In each such case, the delay or impossibility must be beyond the control and without the fault or negligence of the Trauma Center.
